

TABLE OF CONTENTS

SUMMARY REPORT.....	1
BACKGROUND INFORMATION	1
PROJECT DESCRIPTION.....	4
1. No action alternative	4
2. Construction alternatives	5
a. Folsom Dam Raising Plan.....	5
3.5-foot raise with a 478-foot pool elevation.....	5
8.5-foot raise with a 482-foot pool elevation.....	5
12-foot raise with a 487-foot pool elevation.....	5
b. Folsom Stepped Release Plan	6
Folsom Stepped Release Plan to 160,000 cfs	6
Folsom Stepped Release Plan to 180,000 cfs	7
3. Ecosystems Restoration alternatives.....	7
a. Woodlake Site	7
b. Urrutia Site.....	8
c. Bushy Lake Site	8
d. Arden Bar Site.....	9
e. Folsom Dam Temperature Control Shutter Modernization	9
IMPACT ANALYSIS AND COMPENSATION NEEDS.....	10
1. Folsom Dam Raising Plan	10
a. 3.5-foot raise with a 478-foot pool elevation, 8.5-foot raise with a 482-foot pool elevation, and 12-foot raise with a 487-foot pool elevation	10
2. Folsom Stepped Release Plan	13
a. Folsom Stepped Release Plan to 160,000 cfs.....	13
b. Folsom Stepped Release Plan to 180,000 cfs	14
3. Folsom Dam Raising Plan and Folsom Stepped Release Plans- operational-related impacts	15
ECOSYSTEMS RESTORATION PLAN ANALYSIS.....	17
1. Woodlake Site.....	17
2. Urrutia Site.....	18
3. Bushy Lake Site	19
4. Arden Bar Site	21
5. Folsom Dam Temperature Control Shutter Modernization	22
RECOMMENDATIONS.....	24
1. Folsom Dam Raising Plan	24
2. Stepped Release Plan	27
3. Ecosystems Restoration	30

SECTION I

FOLSOM DAM ENLARGEMENT PLAN.....	1
Appendix A. Habitat Evaluation Procedures for the Folsom Dam Enlargement Plan.....	82
Appendix B. Impact Analysis For L. L. Anderson Dam Modification (French Meadows Reservoir) Component of the Folsom Dam Enlargement Plan.....	86
Appendix C. Endangered Species Consultation.....	80
Appendix D. Preliminary Flow-Frequency Plots and Flood Routings for the Folsom Dam Raise Alternatives	101
Appendix E. Flow-Frequency Plot for the Folsom Dam Outlet Modification Project.....	116

SECTION II

FOLSOM STEPPED RELEASE PLAN	1
Appendix A. Preliminary Flow-Frequency Plots and Flood Routings for the Stepped Release Alternatives for the American River Watershed Investigation, Long-Term Evaluation.....	73
Appendix B. Flow-Frequency Plot and Flood Routing for the Folsom Dam Outlet Modification Project for the American River Watershed Investigation, Long-Term Evaluation.....	89
Appendix C. Draft HEP Report for the Stepped Release Plan, Lower American River Area.....	91
Appendix D. List of Federally Listed Threatened and Endangered Species.....	134
Appendix E. List of State Listed Threatened and Endangered Species.....	165

SECTION III

ECOSYSTEMS RESTORATION PLAN, DRAFT HEP REPORT	1
Appendix A. Habitat Suitability Index Models	80
Appendix B. Baseline (Existing) Habitat Conditions for Evaluation Species	92
Appendix C. Assumptions and Future Conditions Projections by Cover-Type	117
Appendix D. HEP Accounting Worksheets Showing Derivation of AAHUs from AAHUs as Adjusted using RVIs	113
